the five wonders of the world?

1. Iguazu Falls, in northern Brazil, are a series of 82 waterfalls that drop 293 feet over the Iguazu River in a total drop of 6,215 feet (1.8 km). The day I visited the falls, the Brazilian media were full of pictures of tourists jumping into the falls.
2. The Great Wall of China, built during the Ming Dynasty to keep out the Mongols, stretches for 7,500 miles (12,000 km) along the northern borders of China.
3. The Statue of Liberty, on the island of Liberty in New York, was designed by Frédéric Bartholdi and erected in 1886. It represents liberty

enlightening the world. 4. The Pyramids at Giza, located near Cairo, Egypt, are famous for being the largest man-made structures ever constructed. 5. The Taj Mahal, in northwest India, is known for its perfect symmetry, the mausoleum built for the Emperor Shah Jahan by the Mughal architect Ustad Ahmad Lahauri. II. What word did the first man or woman ever utter? 1. Yes. It was Adam, and the first word was "Ea." 2. No. The word "Yes" was uttered first. 3. Liar! No one is even certain whether Adam spoke, although the Bible says he did.

4. Thomas Paine. He wrote, "These are the times that try men's souls. The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of his country; but he that stands it now, deserves the love and thanks of man and woman." 5. No. If Adam had been a man, he would have uttered, "No!" 09e8f5149f
