Zemana AntiLogger Free [DISCONTINUED] Crack Activation Key Download PC/Windows

Zemana AntiLogger Free is an efficient and easy to use application whose main function is to protect your every keystroke from being captured by malware and used against you. The program is very simple to understand and work with, you really require no experience in using it, as it works on the 'On / Off' principle, meaning you do not need to configure anything about it. Once installed, Zemana AntiLogger Free instantly captures and encrypts every key you press, including combinations with CTRL or ALT. It does not detect and remove spyware from your system so it does not need an Internet connection for regular database updates. In return, it simply prevents malware from being able to use the information you type on your keyboard, because it will be unreadable. This simple anti-logger can protect you and your sensitive data, even if your system is already infected when installing Zemana AntiLogger Free. The program runs minimized in the notification area, doing its duty regardless of the fact that you cannot see it at work. Additionally, it is barely noticeable in your CPU and RAM usage, thus not hindering your computer speed or affecting your ability to perform regular activities. It can be activated or deactivated from the system tray menu, or by using a preferred hotkey to switch it on or off. Depending on its status, the icon will change color from green (on) to red (off). Zemana AntiLogger Free works for any utility that requires typing, including your Windows login. You can enter your account credentials being confident that they cannot be captured by malware and used for nefarious purposes, as only the application under keyboard focus will receive the keys you type through a protected pathway. To conclude, Zemana AntiLogger Free is a useful and reliable piece of software meant to provide you with the tools to protect yourself against data theft, by encrypting every bit of information you input in your computer through the keyboard.
