The original Cthulhu Dark is a 2D-game in a classic gothic horror setting. Shadowy archives, unholy cults, out of place artifacts and a terrifyingly large and unpredictable brain has been the backbone of the game for almost a decade. The general gameplay has remained the same since day one. Our newest title, A Dead End Drive-In, is set in a Zombie Apocalypse. Old and new horror tropes are put into this mix and more shocking twists await you. You are 'The Driver'. Your goal is to complete one

last job for your psychotic boss 'The Professor'. A simple idea. Features: Classic gameplay - The goal is simple: survive. Classic gameplay - The goal is simple: survive. , and ACTB, genes of interest in spermatogenesis and 5 genes of interest in oogenesis, as are listed in [S2 Table](#pone.0235754.s006){ref-type="supplementary-material"}. Platinum qPCR pre-amplification and *zic1* AMO-qPCR {#sec020}

----- Following the Poly(A) qPCR, 50,000 cells were used to conduct pre-amplification using Platinum qPCR PreAmp Mix (ThermoFisher Scientific). The 25 µl

pre-amplification reaction consisted of 10 µl 2X Master Mix (KAPA Biosystems), 5 µl pre-amplification primer mix with 2.5 µl of each 10µM primer ([S3 Table](#pone.0235754.s007){ref-type="supplementary-material"}), and 12.5 µl of input RNA. The reaction was run on the CFX96 Touch Real-Time PCR Detection System (Bio-Rad) using the following conditions: 65°C for 5 min, 98°C for 30 sec, 14 cycles of 98°C for 15 sec, 60°C for 5 min, 68°C for 30 sec, and a final incubation at 68°C for 5 min. The pre-amplification product was used as template for *zic1* qPCR and/or genomic qPCR. In the "*zic1* AMO-qPCR", 20,000 cells were used as template for qPCR reaction with final reaction volume of 20 µl consisting of 10 µl 2X Maxima Probe qPCR Master Mix, 1 µl 10 µM *zic1* AMO, 1.5 µl 10 µM zic1 primer (exon 3 forward), and 8 µl of pre-amplification product. The reaction was run on the CFX96 Touch Real-Time PCR Detection System (Bio-Rad) using the following conditions: 95°C for 2 min, 40 cycles of 98°C for 15 sec, 60°C for 15 sec and 72°C for 20 sec. For the "genomic qPCR", we used PrimeScript II Reverse Transcriptase (Takara Bio) to cDNA the input RNA (120 ng), according to the protocol

The Official Mega Man 17th Anniversary Fan Convention is just around the corner! This event will mark the first time in five years that all the past Mega Man characters will be playable in-game together at once! In addition, the MM17CC app is now available for free from the App Store and Google Play. There's also a brand new stage, set in Kula, featuring an AERIAL GUN! This stage will be available at the stage select screen in-game once the event starts. As a free event, starting at 9:00 AM, the new stage and its accompanying costumes will be playable in the guest mode until the following day, February 16th. This year, there will be a 1/4 scale replica of the Navi Bank on display at the event! Don't forget to bring your 'MEGA GIG' cards! The special cards can be exchanged with the MegaManOnline character Carl (only at the event) or the Mega Man figures in the stage. The world has grown bigger over the

years. And with it, the Mega Man Legends fanbase has too! From February 6th to the 8th, the MM17CC app will be available for free in the App Store and Google Play in Japan. Those who own the app, or have access to an iPhone or Android smartphone, will also be able to use the in-game, staff-only stage name broadcasting system! The World of MM17th Annual Fan Convention official homepage Also, the website at www.megaman.co.jp will also be updated to inform fans of this event. Once the event starts on February 9th, the page will go live on the dedicated MegaManOnline website. I'm looking forward to seeing a stage full of my favorite characters and hearing the 'Mega GIG' sounds of over 100 years of Mega Man! The 'MEGA GIG' sound is a special sound effect composed by the original creator of the Mega Man sound, Koji Kondo. It's the sound of the 'Mega Buster' and 'Mini-Missiles' in Mega Man games. So in this stage, you can expect to hear the sound of everything! We hope that the fans, who've waited for this day for many years, will have a fun time together! In the world of MM17th, the Mega Man characters who appeared in games that I've played in, and
