The new fantasy action RPG is developed by UNTIES, a company located in Korea with a main office in San Francisco, and is published in the West by KOG. Led by CEO and Director Yoon Hyeong Joon, CEO and Director Yoon Jin Hyun, UNTIES began their strategic partnership with KOG in September 2011, and the two companies are focusing on expanding an ecosystem for future mobile games and have expanded their game development resources to include various platforms and languages. In June 2012, KOG created a new game studio based in San Francisco, California, USA. As a result of the close coordination with the Korean publisher, UNTIES and KOG have, to date, completed two expansion packs for Elden Ring, and their online service is currently live.

**ABOUT ELDEN RING** The new fantasy action RPG is an action RPG that combines a dynamic storyline with a vast and varied fantasy world where you can freely develop your character according to your play style. As you explore the three regions between North and South America, Central and Southeast Asia, and the Middle East, the joy of discovering new and impressive elements awaits you. By creating the gameplay, combining your knowledge of RPG's and creating a unique hero that you can use to defeat monsters, the action of Elden Ring was born. In addition to open world adventure gameplay, the game also allows you to fight many types of monsters at once during exciting turn-based tactical battles, and a wide variety of weapons and magic can be used depending on the situation. The action RPG also features an online connection that allows you to travel together with other players.

## **Elden Ring Features Key:**

- A Variety of Monsters and Dungeons
- A Variety of Combat Actions
- A Variety of Skill Uses
- A Variety of Items and Magical Abilities

## **A Variety of Monsters and Dungeons**

In Parnassus, there is a world where the curtain to the realm of the dead is fully drawn, a world called between and ruled by psychopomps. In the above world, there are countless monsters, giants, black enemies, traps, and magic which are actually quite different from the monsters the players know.

You can encounter these monsters in public combat battles and it is also possible for you to wield the power of the Elden Ring to switch into "Elden Mode" to defend yourself.

---

And there are of course bigger and more dangerous opponents too! The first dungeon is Gryzfikk Mountains, and in the world of between, where the monsters are called demons, you encounter the most frightening enemies.

## **A Variety of Combat Actions**

There are various combat actions in the game. The most important are the gunfight action, the block action, the blade/shield action, and the dodge action. These actions can be used while you are standing still or while you are moving. The most important action is the block action, which greatly increases your defense power.

You can also combine the Block action with other actions, such as dodging while dealing an attack, or using the Shield action while firing bullets.

A variety of skill menus are available from which you can strategically attack and evade the enemy's attacks. You can also learn new skills by advancing in rank levels.

Finally, you can upgrade your weapons and increase your attack power by equipping a wide variety of equipment. You can equip a sword that deals high damage or a gun that can hit even in the dark.

## **A Variety of Skill Uses**

You can use a variety of skills and magic when you fight in between, and wherever you go you can encounter new situations. In between, the landscape is very vast and there are a variety of corners where it is heavily overshadowed, so you can use your sneak skill to

"I read it is simple so i dont see myself getting into it. I still dont see much of a story line in it." 8/5 - THUGSHOGGY "I have only played this game for a short time but it is amazing and my favorite game to date. The story, graphics, and everything about it is just amazing. Now i know why King's Quest, Space Quest, Conan, Eye of the Beholder, and all those great old games have stood the test of time for all those years. This game will be an instant favorite." 9/5 - NEMONIN "Although it is a prequel to the original King's Quest (my favorite series), there are many things that are new and exciting to the series. One of the things that helped with this is that everything is told from King Graham's perspective in the style of the original King's Quest. The other thing that helps with King's Quest are the graphics and story. They are very old school and simple, but they are done very well. In some cases, the graphics make the game even better." 8/5 - MULTIMAX "I like the game's cinematic quality and the way all the graphics are displayed. The characters especially look very good. The soundtrack is based on popular songs of the 90s so it is easy on the ears. The game is a great start to any possible King's Quest fan and can easily be enjoyed by anyone." 8/5 - AVTORITY "The game has so much classic charm that's easy to enjoy and appreciate. It might be a bit too little for some, but it's worth trying. All of the graphics and animations are extremely well done and made the game visually pleasing. The gameplay is fairly solid too with light puzzles and light grinding here and there, but nothing to complain about. If you enjoy King's Quest, Space Quest, or most of the 8-bit era games, then it's a good one to try." 8/5 - GAMING GEEK "For those unfamiliar with the King's Quest franchise and/or those who aren't huge fans, this game may seem a bit long and boring. But I encourage you to stick with the story and you will be rewarded. For those who are fans of the King's bff6bb2d33
